## LIONS RUGBY TOUR | 2021

Give the TMO a break and move across the advantage line and through the gate and forwards to a luxury phase on your Rugby Lion's Tour 2021.

Take a conversion from the ruck and open up your blindside to look for gooseteps and other Marks on your bushwalk. Or try on your cap and intercept the big game from your openside safari vehicle, and try to spot 5, 10, 22 lions or buck, but remember: Hands-off, you can't touch the animals – if you do, you might end up in the sin-bin with the need of a hospital pass, as they will cross kick, box kick and grubber you up and under.

There is a scrum of wildlife just outside your room, but we promise they won't knock on your door, but maybe just give you a slight ankle tap.

You'd be a dummy not to go to Botswana! Find the breakdown of the packages on the next page.
