

WE ARE READY COVID-19

We want to assure you that as a company we are doing all that we can to create safe environments for our guests and staff. We cannot wait to welcome you back again soon!

We have a nurse working with us to educate our teams and to assist in safeguarding our environments and our guests.

We have also relaxed our booking terms and cancellation penalties to give you peace of mind.

Roots & Journeys Preventative Measures

On Safari

Where we can we are limiting the number of people on vehicles and boats to max 6 people.

Individual Plating

Rather than serving brunch and high tea as a buffet, we will be offering plated meals, which have been prepared in a strictly controlled environment.

Private Dining

We are giving everyone the choice to dine privately. We will set up meals in beautiful locations around the camp, weather permitting.

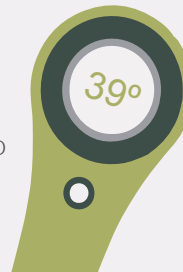

Sanitization Stations

Alcohol based hand sanitizer will be readily available throughout the camp, in the rooms, and on all the vehicles.

Temperature Screening

We will be carrying out daily temperature screening for all guests and staff. This will not be obtrusive, but feel this is a necessary measure to keep everyone in our care safe.

Sanitizing Camp

We have equipment to assist in sterilizing all areas of camp on a regular basis.

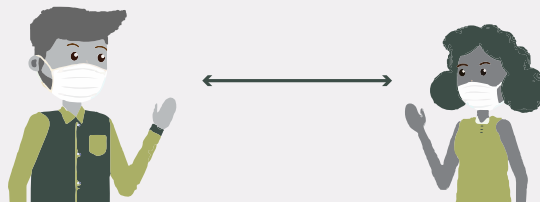

Staff Monitoring

All the Roots & Journeys teams will go through a screening process before returning back to camps.

Private Arrival Area

Guests enjoy a private waiting area upon arrival and departure in Maun airport.

Emergency Partners

We work closely with Okavango Air Rescue, an incredible team of Doctors based in Maun, who are on hand to assist and advise in a professional capacity if needed.

WE HOPE TO WELCOME YOU TO MOPIRI AND NOKANYANA SOON!

PLEASE CONTACT US IF YOU HAVE ANY QUESTIONS:
