About Us

At Roots & Journeys we believe in doing things differently. We believe in the strength of our team and the value of creating meaningful experiences for our guests.

We run with small, tight-knit teams who have an extraordinary passion to bring our guests the best adventure ever.

We have built our brand on "Affordable Luxury" within an environment of 'Unfiltered Africa'. We have chosen the locations of our lodges to ensure that our guests enjoy a wide array of experiences with "Life on the Water", "Life on Safari" and "Life in the Desert."

Joining our 3 well-located and established lodges and camps - Nokanyana, Mopiri and Great Tsau Hill, are our 4 new Adventure Camps...

We welcome you to Chora, Ngonti, Guda and Manju Adventure Camps!

Our Adventure Camps

Get ready for an unforgettable adventure! At Roots & Journeys, we hold a deep love for the African soil and we want nothing more than to share that love with our guests.

We believe that every stay at our “Adventure Camps” should be a truly exclusive, fun and exciting journey. One that will leave you with lifelong memories and a desire to return to Africa time and time again.

Our locations offer some of the best that Botswana has to offer, allowing you to get up close with some of Africa’s most iconic animals and plant life.

Our Adventure Camps are semi-permanent structures which have very little footprint on the environment. If we had to take one down within a day or two there would be no trace of us ever having been there. In everything we do at the Adventure Camps we strive to work as one with the natural world.

We offer down-to-earth and authentic experiences that allow you to connect with the wonderful people of Botswana. We’re here to make your wildest dreams come true and have a blast while doing it!
