GREAT TSAU HILL - LIFE IN THE DESERT

# Discover Botswana

Botswana is one of the last true wildernesses left on Earth, with vast landscapes where animals roam freely, unhindered by fences. It's a land where nature reigns, and you can witness wildlife in its natural state, as intended. The country offers some of the most unique and authentic locations, from the pristine waters of the Okavango Delta to the arid expanses of the Central Kalahari Game Reserve. Here, you can experience an eco-friendly safari and meet the Bushmen, one of the oldest cultures on the planet.

Botswana's commitment to conservation has helped preserve its incredible biodiversity, making it a sanctuary for wildlife. Whether you are marveling at animals on the move in the open plains, or watching elephants wander undisturbed, Botswana offers an immersive connection to nature. Stay at Mopiri, Nokanyana, Great Tsau Hill, and Mankwe, and enjoy comfortable, sustainable accommodations, while embarking on a variety of unforgettable adventures in this untamed wilderness.
